

specifications

MCDG30-BR6.0 (425788)

Power: Gas
Engine: 6 HP, Briggs & Stratton
Width: 30"

MCDG30-H5.5 (425761)

Power: Gas
Engine: 5.5 HP, Honda
Width: 30"

MCDG40-BR6.0 (425753)

Power: Gas
Engine: 6 HP, Briggs & Stratton
Width: 40"

MCDG40-BR8.0 (425745)

Power: Gas
Engine: 8 HP, Briggs & Stratton
Width: 40"

MCDE30-1.5 (425737)

Power: Electric
Engine: 1.5 HP
Width: 30"

MCDL30-H05.5* (425729)

Power: Propane LP
Engine: 5.5 HP, Honda
Width: 30"

Propane Tank: (425796)

Tank: Horizontal Vapor Tank

*Propane tank not included.

Perfect for vacuuming large outdoor areas at a minimum cost. Used for picking up cans, bottles, broken glass, strings, rope, wet and dry leaves, paper, etc., large or small at the same time with no adjustments needed. The gas litter vacuum is for outdoor use only.

features:

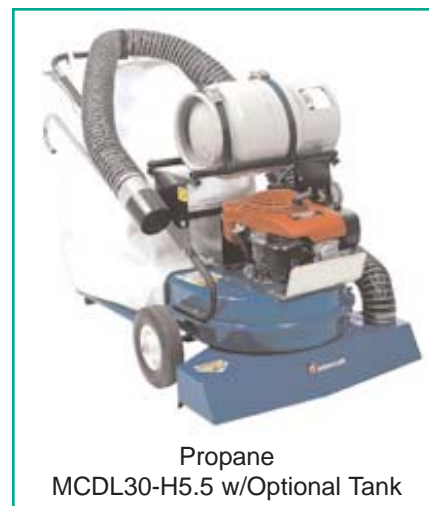

- **Steel Housing**
14 gauge welded steel housing is reinforced at all stress points and mounted parallel to the wheel base for extra vacuuming.
- **Patented Tapered Intake**
High at ends and low in front, increases pick-up at ends.
- **Booster Cylindrical Baffle**
Provides extra suction to sweep up heavier and denser debris.
- **Exclusive Deflector Baffle**
Triple deflection design protects the bag and operator from heavy or sharp objects.
- **Impeller Shaft Guard**
Prevents string, wire and banding straps from wrapping around and binding motor shaft.
- **Collector Bag**
Large 11 cubic feet heavy-duty collector bag with 55" zipper that opens bag for fast emptying.
- **Remote Control Throttle**
Located on the chrome handle for quick and easy starting, stopping and regulation of motor RPM.
- **Wheels and Caster**
Equipped with 10" semi-pneumatic rear wheels and front swivel caster that allows for zero turning radius for maneuverability.
- **Bag Dolly Assembly**
Swivel support caster are attached to the rear axle to support the bag's weight as it fills up.
- **Surface Action Hose Assembly**
Used for cleaning in difficult and hard to reach areas.
